Managing Water in the West

We Invite Your Comments!

Southern Delivery System Draft Environmental Impact Statement

Name*	Bill Aelt	Date	4/2/2008
Company / Organization	Turkey Creek CD		
Street Address	2460 E-25N		
City, State, Zip	Pueblo, Co 81008		
E-mail	btallard@com		

* Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold a respondent's identity from public disclosure, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public disclosure in their entirety.

Comments are considered substantive if they:

- Question, with reasonable basis, the accuracy of the information in the document
- Question, with reasonable basis, the adequacy of the environmental analysis
- Present reasonable alternatives other than those presented in the Environmental Impact Statement
- Cause changes or revisions in the alternatives
- Provide new or additional information relevant to the analysis

Would like your name and address withheld from public disclosure*? YES NO

Comments: Draft report lacks discussion of how alternative selected, will impact Lower Fountain Creek. What safeguards, if any, are there to reduce the certainty of erosion of the stream bank that the added water in the Fountain will cause. If the purpose of the impact statement is to assess damages why is this obvious shortfall nearly ignored?

Please continue on reverse side

U.S. Department of the Interior
Bureau of Reclamation

Comments (continued):

Why was Cost the driving force in determining alternative selection? Why was the Cost that further damage to the Fountain not presented across 25-50 yrs and that Cost added to preferred alternative

Thank you for your comments

Please send any additional comments to the mailing address, e-mail address, or facsimile number below. All comments must be received by **April 29, 2008**.
