Reclamation to Host Listening Session

On May 29, 2008 in Pueblo, Reclamation will host a public listening session on the Draft Environmental Impact Statement for the proposed Southern Delivery System project.

The intent of the meeting is to listen to and record comments made by the public. Reclamation will not be responding to comments or answering questions at this meeting. All comments received on the Draft EIS will have corresponding responses provided in the Final EIS.

The listening session will be held at the Sangre de Cristo Arts and Conference Center, 210 North Santa Fe Avenue, Pueblo, CO 81003 from 6pm to 8pm.

Members of the public wanting to speak at the listening session will have the opportunity to register from 5:30pm to 6pm. Statements will be limited to a maximum of 3 minutes per commenter. There will be a third-party moderator to facilitate the process and a court reporter to document the comments.

For more information on the public listening session or the Draft EIS, please contact Kara Lamb at Reclamation's Eastern Colorado office at (970) 962-4326 or klamb@gp.usbr.gov.

###

Reclamation is the largest wholesale water supplier and the second largest producer of hydroelectric power in the United States, with operations and facilities in the 17 Western States. Its facilities also provide substantial flood control, recreation, and fish and wildlife benefits. Visit our website at www.usbr.gov
