

1 STATEMENT OF DARYL TRUJILLO

2 1168 Los Trujillo Lane, Pueblo, Colorado 81006

3 SPEAKER TRUJILLO: Hello. My name is

4 Daryl Trujillo. I'm just a small farmer, I don't

5 represent anyone.

6 I would like to comment on that

7 gentleman's question. He wants to send more

8 water down. Everybody wants water. It's not

9 just down there. All the farmers want more

10 water. But they are taking clean water, and

11 sending polluted water back down Fountain. But

12 that is not what I'm here about.

13 My question is, has the SDS taken any

14 consideration to placement of the location of the

15 SDS to the proximity of the Super Ditch? The

16 Super Ditch is a future project also that is

17 coming up, and I think they can benefit each

18 other if they plan it together.

19 I don't see why the Super Ditch couldn't

20 benefit the SDS, because, after all, the Super

21 Ditch is about water that is going to be leased.

22 And I think that should be looked at.

23 And that is basically my question.
