

2 STATEMENT OF STEVE HARRISON

3 2000 Palmer Lake, Pueblo, Colorado 81007

4 SPEAKER HARRISON: Yes. My name is Steve

5 Harrison. I'm with Pueblo West Utilities, one of

6 the participants or partners in this project.

7 I would like to state that it's very

8 important to Pueblo West to be able to

9 participate in this. We appreciate what the

10 partners and Pueblo West have done and, of

11 course, the Bureau of Reclamation.

12 It's important to Pueblo West to be able

13 to acquire more of our water rights from inside

14 Pueblo Reservoir. This process of using the

15 North Gate, the joint use (inaudible) currently

16 attached to is very important to us to be able to

17 have our water rights acquired or passed on. So,

18 for us, it's a very beneficial thing. We would

19 like to see that this alternative about the

20 Pueblo Reservoir is built

21 And I would like to thank you for your

22 time.
